Kindergarten Stage

Al-Arqam Kindergarten follows the Qatari national curriculum in the mandatory subjects – Arabic Language, Islamic Education, and Social Studies – and the Qatar National Early Years Standards (QN-EYE), blended with the adapted British curriculum, which is continuously adapted and developed to ensure that it is consistent with the Academy's vision and mission of preparing an authentic, mature student who is proud of her Islamic and national identity and capable of learning, thinking, and communicating effectively.

We therefore work to ensure that our children learn about Islamic values in their daily practices. We provide our students with learning experiences based on thinking skills that will help them learn throughout life, face modern challenges, and preserve their national and Islamic identity.

Our curriculum is the iPrimary curriculum of the Edexcel educational organization. This curriculum is considered highly balanced, as it offers a wide range of experiences that perfectly suit children's social, physical, and cognitive needs. Our activities meet the needs of children, including those who excel, those who may face some developmental difficulties, and creative children. In addition to the core curriculum, we select classroom activities to broaden and refine children's experiences.

The iPrimary curriculum is divided into:

- English Language – we use the iPrimary activity books.
- Mathematics fundamentals.
- The World Around Us (WAU), which is in turn divided into:
  - Emotional and social development.
  - Staying healthy.
  - Motor development.
  - Developing creativity.
  - Developing science skills.
  - Social studies.

Al-Arqam Kindergarten has adopted the iPrimary teaching system since 2021 and continues to teach it in the 2026–2027 academic year.

As for the curriculum of the mandatory subjects of the Ministry of Education and Higher Education, it is divided into:

Arabic Language Curriculum:

The units are taught as listed in the Maharaty (My Skills) books for the KG1 level and KG2 level.

Islamic Education Curriculum: (In addition to the standards of the Ministry of Education and Higher Education, we apply in the kindergarten an enrichment curriculum that includes the following:)

The Holy Quran – Hadith – Aqidah – Fiqh – the Prophetic Biography (SIRAH) – Islamic Manners and Ethics.

First: The Holy Quran:

Students are trained in spelling rules and in reciting the Quran with Tajweed according to their levels, and they are trained for the levels of the Holy Quran competition of the Ministry of Awqaf in KG2.

Memorization levels:

- KG1 level: from Surat Al-Nas to Surat Al-Asr.
- KG2 level: from Surat Al-Nas to Surat Al-Sharh.

Second: Al Aqeeda (questions on Aqeeda – teaching the Names of Allah)

Third: The Prophetic Sunnah (Daily Athkar – Duaa)

Fourth: The Hadith

Fifth: The Prophetic Biography

Sixth: Fiqh

Social Studies Curriculum:

The Social Studies standards are applied through the approved units in each semester, integrated with the “World Around Me” units of the English Department.
